GDAŃSK · KARTA POBYTU / 2026

Employer Annex No. 1. What should you check?

A review checklist for combined temporary residence and work permits in Poland, 2026.

Employer information

- Check the company name, address, identifiers and authorised representative.
- Compare the employer details with the contract and other supporting records.

Employment conditions

- Review the position, contract type, working hours and remuneration.
- In 2026 the combined permit requires at least PLN 4,806 gross each month regardless of part-time hours.
- The intended employment period is relevant to the permit duration but does not automatically set it.

The electronic MOS signature

- The employer receives an online form link via the employer email address entered in MOS.
- An authorised person signs through login.gov.pl with a trusted, personal or qualified electronic signature.
- A scanned handwritten signature is not a substitute.
- An agent signing for the employer must have documented authority.

The PDF template is for reviewing information; the mandatory annex is completed and signed in MOS.

Official templates and guidance:

- MOS · Application PDF 2026 · Annex No. 1 PDF 2026
- Employer electronic-signature instructions

Information guide. Current applications are submitted electronically through MOS.
